GREEN CARD LOTTERY FOR FY2016 OPENS OCTOBER 1ST THROUGH NOVEMBER 3RD

The U.S. Department of State (DOS) has released its instructions for the Diversity Immigrant Visa Lottery Program (DV-2016) for fiscal year 2016 (October 1, 2015 through September 30, 2016). **The Lottery Program for DV-2016 registration will be open for only 33 days from October 1, 2014 at noon (EDT) through close on November 3, 2014 at noon (EST).**

The DOS makes 50,000 "green cards" available annually to persons from countries with low rates of immigration to the United States. Applicants for Diversity Visas are chosen by a computer-generated random lottery drawing. The DOS will notify a participant's selection exclusively online. Beginning on May 5, 2015, applicants can check the status of their registration online via Entry Status Check at www.dvlottery.state.gov to determine whether they were selected. Entry Status Check will also notify selected procedures for the application process and will confirm appointments for visa interviews. **All entrants must check on the DOS website via the Entry Status Check to determine whether they have been selected to participate in the Lottery. The Entry Status Check is the ONLY manner in which entrants will be notified of their selection. The DOS will NOT mail any correspondence to the selected applicants nor will it send out an email. Furthermore, the Entry Status Check will be the only way in which selected individuals will be provided further instructions on immigrant visa procedures.**

The Diversity Visa "green cards" are available only to citizens of countries with lower rates of immigration and no visas are available to citizens of countries sending more than 50,000 immigrants to the United States in the past five years. Within each region, no country may receive more than 7% of the available Diversity Visa "green cards" in any one year.

Montserrat, Pitcairn, St. Helena, Turks and Caicos Islands – but not Northern Ireland) and Vietnam. Foreign nationals born in Hong Kong SAR, Macau SAR and Taiwan are eligible for the Diversity Visa Lottery. A list of the countries whose natives are qualified for the DV-2016 Visa Lottery Program is contained in Exhibit A below.

NOTE: There are no changes in the countries of eligibility from FY2015.

The entries for the DV-2016 Lottery Program must be submitted **electronically** between **noon (E.D.T.) Wednesday, October 1, 2014 through noon (E.S.T.) Monday, November 3, 2014**. The DOS will not accept mail-in entries. Only one entry by and for each person during each registration period is permitted. Receipt of more than one entry per person will disqualify the person from registration, regardless of the source of the entry.

DOS PROCESSING OF ENTRIES

After an applicant submits his/her entry, the DOS will send him/her an electronic confirmation notice of receipt of a completed entry form. Applicants will be selected at random by computer from among qualified entries. **All entrants must check on the DOS website via the Entry Status Check whether they have been selected to participate in the Lottery on or after May 5, 2015 through June 30, 2016. The Entry Status Check is the ONLY manner in which entrants will be notified of their selection. The DOS will NOT mail any correspondence to the selected applicants nor will it send out an email.** The DOS normally notifies approximately 100,000 applicants that they have been selected through the DV Lottery Program. However, only 50,000 "green cards" are available annually. The green cards based upon the DV-2016 Lottery Program will be issued between October 1, 2015 and September 30, 2016. However, because more individuals will be registered than there are immigrant visas available, a registered applicant who wishes to receive his/her immigrant visa must be prepared to act quickly after being notified, especially if he/she is assigned a favorable lottery number in the random selection process. The DOS emphasized that random selection in the lottery process does **NOT** guarantee that an applicant will receive a "green card."

EDUCATION OR WORK EXPERIENCE REQUIRED

In order to qualify for a "green card" through the Diversity Visa Lottery Program, each applicant must have at least a high school education or its equivalent or, within the past five years, have two years of work experience in an occupation requiring at least two years of training. A high school education or its equivalent is defined as successful completion of a 12-year course of elementary and secondary education in the United States or successful completion in another country of a formal course of elementary and secondary education comparable to a high school education in the United States. Evidence of educational work experience should **not** be submitted with the lottery entry but must be submitted to the consular official or U.S. Citizenship and

Immigration Services (USCIS) officer at the time of the visa or adjustment of status interview. In order to determine eligibility based on work experience, definitions from the Department of Labor's (DOL) O*Net On-Line database will be used.

DOS DOES NOT CHARGE TO ENTER THE DV LOTTERY PROGRAM

There is no charge to enter the annual DV Lottery Program. The DOS does not employ outside consultants or private services to operate the program. A qualified entry submitted electronically directly by the applicant has an equal chance of being selected by the computer at the DOS Kentucky Consular Center as does an entry submitted electronically through a paid intermediary who completes the entry for the applicant. However, if an applicant or a paid intermediary submits more than one entry per person, the person will be disqualified from the program. A special DV Lottery Case processing fee will be payable later by persons who "win" the lottery and are processed for a "green card" based upon the lottery program.
